I'm a dreamer by nature
And I've always been tryin'
To dream myself out of this world that I'm in
In my dreams I escape all the troubles around
And it hasn't cost a penny
For the pleasures I've found

Chorus:
What is the part
That I'll play today
Beggar, a bus'ness man, king for a day?
I've played many parts
And I'm the first to agree
That I'm still lookin' round for the man that is me

I'm a dreamer by nature
And I've always been
Looking for something not there
My financial position
Don't bother my dreams
'Cause in fairy tale money
I'm my own millionaire

Chorus

I'm a rich man in dreams
But in real life I've hid
From the fact that I've got me a wife and a kid
If I lose what I've got
Then they lose it too
Tell me what in this world's a poor dreamer to do

Chorus
