I guess that I was wrong
I know I played along and let the little things go by
Like the look in your eye

You loved me too much
Then you loved me just enough to keep me coming
back for more
Wonderin'™ what this game is for

I'm mad about you
Just couldn't read the writing on the wall
Surely you could see that this time I was ready to fall

I'll go one by one
For everything we've done and the all the places
we have been
And we'll never go again

I'm mad about you
Just couldn't read the writing on the wall
Surely you could see that this time I was ready to fall
I'm lost around you
Never looked at things the same at all
Its always gonna be there
This time I was ready to fall
Why weren't you?

Told me there was time now
Hold on and go slow
Its way too late for that now I've already let go
Now I can't believe its true
That you can't hear my heart beating when I'm
looking at you

So now we let it go
Pretending it was fate and we were never in control
I think we'll always know

I'm mad about you
Just couldn't read the writing on the wall
Surely you could see that this time I was ready to fall
I'm lost around you

Never looked at things the same at all
Its always gonna be there
This time I was ready to fall
Why werenâ€™t you?
Oh, oh, ohâ€¦!
