(goes into some session)

Female vocalists (singing):

Hypnytis is in your eyes, that look, that smile in  
disguise.

Canibus:

Ayo, can you feel it?  
I know that everybody's heard of that (vapors)  
But this is the 98 version of that  
Biz mark, one of the founders of this art  
Discovered evidence of this disease and documented  
it  
Now the name of the virus is called "hypnytis"  
A terminal condition that effects all biters and liars  
Hypnoholics can't require my respect  
Cause they snakes and I can smell the venom on their  
breath  
Hypnytis  
Alright now, I'm about to break the hypnytis down  
It's characterized by a certain type of lifestyle  
People that treated you foul just wanna be nice now  
Smile and raise their eyebrows when you come around  
I remember when I first started to work  
And tried to get this job as a label intern  
Them niggas was killing me, cause wasn't nobody  
feeling me  
& wouldn't even risk demo-dealing me  
Can you believe that shit?  
That's how it was back then  
Ayo, I know most the niggas I exchange pounds with or  
lounge with  
Wouldn't be around if my career was spiraling  
downward  
They'd crowd around me till I'm surrounded  
Ask me who I'm down with  
Till I replied, "the navy seals outfit"  
They told me my album was coconuts so they rewind  
it  
I knew they was hypnoholics by how their voices  
sounded  
I pull a silver can out of my trousers  
Paid a public announcement about the hype juice and  
then I bounced kid  
To me hypnytis is like the measles  
Cause it's a disease too  
Studies show it affects 1 in every 5 people  
It's so lethal the cure can't be achieved through  
Hypodermic needles or the ingestion of medicine in  
teaspoons  
If you feel the need to  
Here's a toll-free number, they'll send you an 8-page  
pamphlet for you to read  
Through  
800-7-9-3-2  
There'll be available hypnoholics standing by for you to  
speak to (echo)  
Hype
