I heard there's a rumor going around that I got  
dropped  
200,000 albums sold at 10 dollars a pop  
300,000 albums was shipped  
You do the math  
That's three million in three months, They can kiss my  
ass  
All these magazine that tried to stream roll me to death  
But guess what, the GOAT ain't platinum and neither is  
Clef  
And I'm still here  
Despite all that shit them niggas said  
The skinny kid, The music industry's guinea pig  
Tighter than ever, The world's chief mic wrecker  
Tougher than Reverend Run's muthafuckin leather  
Yo, I'm hardcore  
Cumshot right in his wife's face  
He's soft porn  
He held hands on the first date  
When he was making records like "I Need Love"  
His homie Cornell was givin it to him up the butt  
Plus I heard Simone was a high school slut  
And she learned how to fuck before she knew how to  
cuss  
He married that cunt and had kids with her, He's in big  
trouble  
Him and his man Russell make a better couple  
He's probably made as fuck wondering where I got my  
information from  
He's being watched even when he takes a dump  
It's impossible to front, You can't hide  
The chairs at ya label got ears and the walls got eyes  
You livin one big lie, The world just don't know  
You take a polygraph test that shit'll probably explode  
The truth is Mr. Smith got a fucked up attitude  
And God knows that I pity his fans for backin you  
Yo, this be the, this be the realest shit I ever wrote  
You should change ya muthafuckin name from G.O.A.T.  
to G.L.O.A.T.  
You know why? You know why?  
Stands for the greatest liar of all time

The greatest liar of all time  
That "Cannot rhyme and cannot shine as long as I'm  
alive"  
His prime ended eight months before '99
