[Vocal 1]

I got bored with four beats to the measure
Professor speech compressor terminated his tenure to
explore a more rewarding adventure
Take a closer look at the bars
You'll see I'm not behind them or in front of them, I'm
one of them
Started with a hundred, The Game spit 3 I said "Fuck
It!"
I'm a have to show these niggaz something
Too easy, who'd believe me if I said that it wasn't?
The rhyme is a weapon I bust it the Brotherhood got me
covered
OP orders with coordinates where to drop mortars
I drive forward Sandstorms make my eyes water
Skull is a submarine hull
Dolphin phones screen calls from places as far away as
A.G.C.R.
The rhymes are raw, deeper than yours, you crawled
before you walked but
didn't think about you thoughts before you talked
We spit for sport - I won you lost
but you paid them off to nail my corpse to a cross
This is "The Greatest Rhyme Of All Time" supposedly
1000 Bars it will probably always be
Mentally top heavy, not many can rock with me, 10
Hip Hop could not bench me so they plot to suspend
me
I said "Nobody benefits, Everyone perishes"
I tell them this, They say "Here....it's time for your
medicine"
Imagine being fined over a rhyme? For stepping over
the line?
When I inspired Hova & Nas
I listened to '44 4's' 22 times
"I Gave You Power" God stop my heart if I'm lying
You like Red or White Wine? Let's talk about it I'm
buying
Let's talk about the children of Zion, excuse me if I start
crying
The Art Of Rhyming? I've mastered it certainly, 20

surely I'll celebrate capturing it for my Taxidermy
From the streets of New Jersey to Germany
To jungles in Angola where most the meat poachers
heard of me
The Ice Truck Killer will be observing me perform
surgery
Ritual Widow Murder - searching for her urgently
Mix the blood so it don't coagulate
The sex magic won't work if the bitch masturbates
I put her on cloud 9, look at her face
A cumulus lenticularis - a capsule in Space
You will become acquainted with my cryptic language,
30
and my mystic manners, Rip spit bananas
Systematic Global geographic systemic Neo-synapsis
Reload the graphics notice I spit it rapid
Advanced Step In Innovative Mobility
Most emcees try to clone me lyrically
My cell chemistry is a mirror of who I am physically
but my true symmetry is energy
The Will of Claude Ashur, The skill of Germaine Father
Author
Poor Pauper Pastor
more than a rapper, 40
My body is a human machine my dreams filter in
between
Just wait until I build my machine
Kill you with weed vapour, then a Taser
then a Laser, then a Maser, then a Phaser
Then something they call Scalar
"That is not dead which can eternally lie
and with strange aeons even death may die"
But why? Coup de gr'ce for the coup d'État
In a man made lodge the Moon Rays replace God
I think I've had about enough of your tough talk
Come over here take my cuffs off, I promise you we'll
just talk, 50
No biting allowed just bark, Don't run just walk
Battle Rap there is no such art
Emotion manifests Thought, Thought manifests Words
Actions & Reality
This is not fantasy
If you question me, you will be detained indefinitely
Your name will be added to the Black List Registry
I'm a scruffy old man, with bloody cold hands
on my arm is a tattoo of a sullied old brand
If I am not myself, then how would I be?
If I do not look tell me how will I see? 60
The Law Of Attraction is attracted to me
The Laws Of Poetry in action is practiced quite actively
I look at my face more than anybody else

I still can't recognize myself
I don't need anybody but myself
when I'm rhymin' like this I don't need no help
But.....Thank you for your purchase, these verses have
perennial purpose
But on the other hand these rappers are worthless
at least from MY interconnected introspective
perspective
the more pretentious, the more apprehensive the
sentence, 70
You are lazy and you wanna' be the best? You crazy!
The Best Train EVERYDAY of the week
My lyricism amplifies every letter written
Rip The Jacker spitting inside a Zero Vector System
Brain waves reveal High Yield E&D Fields
Chew emcees like I'm eating a meal

A bunch of fake King Midas' with fools gold grills
My microphone was found where the Mayan Sun Stone
was
The Period of Purification in my Poems, 80
Mad Max beyond Thunderdome under Red Rock
It's no use if you can't use what you got
buried in a mass grave covered in bones
my cell phone number's placed on their tombstones
Your girl Gertrude promised me her servitude
she better do it I don't wanna have to hurt you dude
I'll eat from the same portion as you
just in case you try to poison my food but I want you to
I'm a Deer Hunter all year if I could spare summers
fucking your whore of a mother in front of her queer
husband, 90
wide lens wide mattress she's an actress this is
Monster Ball practice
I'm Big Billy Bob Black Angus
You and I can sit and look at each other
Tossing Knowledge back and forth like we was
throwing books at each other
I don't care if we're not the same colour nigga I'm your
brother
I don't care what you say nigga you're a nigga lover
All cultures come from One Mind
The Universe is not far behind, Waves Bars & Rhymes
motivated by the Stars that shine
only lower density life forms get lost in time, 100
I don't care if I make history, I wanna be a part of
INFINITY
Look at what your SUN GOD did to me
I am energy, I am he spiritually and mentally
The fools who threw away my jewels offended me
As we walk through the archived files of all styles

The East Wing Isle goes on for 5 miles
More rappers than fans, more vans wrapped than vans
Hip Hop will continue to expand
Poets should be rappers, rappers should be lyricists
The current industry model collapse imminent, 110
This is Hollywood Hip Hop
Celebrities adopt little snout nosed bugaboos from off
the block
Larry King Live, Earthquake right outside
I looked that squarely shouldered man square in the
eye
Poetically Paralyzing, Where Are You? Are you hiding?
No! I am sandbag diving
Do not evade question
Please explain to your viewers how there are Space
Weapons bigger than Zeppelins
How is it so?
Tell the people, they need to know
And if you don't think so, you're a talk show hoe, 120
The grown up who showed up drunk with his own cup
stoned as fuck
who could tell me that this poem is luck
You say "I'm crazy" I say "SO???" tell me something I
don't know
something my psyche profile doesn't show
I don't have all the answers I am not in the know
I can only see what is above and only from below
the substratum of reality through the thick cloud
canopy
How can it be Canibus? Answer me!
I approached the podium, and delivered my encomium
nobody applauded the atmosphere was ominous, 130
they feared I would spit, they don't like when I bust
the mucus dried up to a pear like crust
From a very cold place called Faraday Base
right next to the South Poles longest Ice Strait
Food supply low, they speak of going above ground to
find mo
I cry out "NO...do not go!"
Where the fuck are you going?

Arctic geography is conducive to astronomy
and the study of celestial bodies, follow me
The sheer size of the Academia implied by the rhymes
lead them to believe I was lying
I blasted thru the limestone with water mixed with a
dissolver
then I signalled the remaining cave crawlers
Dig a hole for the collateral carnage, Battle the hardest

take out Hip Hops trash & garbage
tunnel boring and jacking, water main tapping
I sat there drafting a new drainage plan laughing, 150
tough, pliable, relatively reliable
The vocation of this undertaking is very viable
My lyrical is chemical radioactive residue
I can't rest until I accomplish what I was sent to do
The gross oversimplification of a Jamaican
in a basement tracing over diagrams for a tape deck
that evolved into a spaceship, that hasn't been made
yet
cause I haven't been paid yet, not even one pay check
I walked through the valley of humiliation
but Hip Hop started hating, I tried to save them they
wasn't patient
160 Responsibility entrusted
There's only one way for me to prove that I love it
that's why I'm busting
If you pursue revenge, dig many graves
be sure to add your name to the list that you've made
Musically still producing, I got a couple new things
cocooning
But Poet Laureate is my New Shit!
Distinguished English and Sophisticated senses
in sync with the Talisman I received from the
Tempstress
with these lyrics I consecrate the spirit
whenever I spit it, concentrate you can hear it, 170
I've almost perfected this
I'm one word away from excellence, when I find it I'll
begin testing it

when the poles shift the Sun will not rise from the East

a primitive future in a world without oil and gas
Focus on two standards when assessing the threat
Number 1 is capacity, Number 2 is intent, 190
The Flood was not an obstacle
I made a raft out of empty milk gallon bottles, for
survival
Always remember, meet me in Denver
Colorado Springs in the Vandenberg welcome center
Four and a half foot beings with big black eyes
tried to trap me and extract my rhymes all the time
I perform a requiem on the Eve before Hip Hop ends
and make amends on behalf of my friends
Canibus grab the mic like an energized amulet
then spit a rap that you can't forget, 200
Oprah Winfrey don't like rap
All I got to say about that is "She probably don't like
Black"
I don't blame her, she don't understand it's only
entertainment
she'd probably feel different if she wasn't famous
She Traded Places, and her opinions started changing
as Randolph and Mortimer increased her wages
That alone could make a person racist, if not racist with
colour?
then material wise how we treat each other
The head of a lion, the legs of an eagle
the wings of a dragon, not the sigil, this is for real
though, 210
I sit down and think, when I write I can smell the ink
I bow before the desert wall of the Sphinx
The ideas have come from God, even I am stunned
1000 Bars from the real Iron Lungs

My luck was crushed, I felt like they fronted

my heart kept pumping, I had to do something

I turned the page, wrote a turn of phrase

Verbal X-Rays, they say "I don't burn I blaze"

Don't look at it like winning or losing, in '98 it was
amusing

But Poet Laureate is my New Shit!

Time keep on slipping the Ripper keeps ripping

but right now my image stands still in a prism

my light reflects like a mirror, I choose to share it

The Precession of Earth is nearing, I'm preparing 170

Assessment and Planning things, should I put mustard
on these sandwiches, a

fathers job is so challenging

My pupil size increase, constriction and velocity
decrease

You can't Emcee take a seat

What are you building Bis? Is it a flying Silver Disk?

If you ever leave you'll be missed

I tear thru the Galactic drift, I travel 10 digits in 10
minutes

Now that's some shit! You think that's fast? Nah....

That's faster than you think, By the time you blink, the
whole Universe

shrinks

A word to the wise, try to keep your eyes in the skies,
180

and try to keep your ears on my rhymes

A magic reminder that the fire will not expire

Pyrus Sidonious gives me energy when I'm tired

The Sun is so bright my eyes hurt, I'm forced to look
downward

Now I see inside the Earth

pages upon pages everything I've created
the bar was below basic, I had to raise it
I did it for my Fathers, I did it for my Mothers and my
Brothers
I did it for the world to discover
My poetry is peaceful, aggressive but regal
progressive to the people, I hope the words reach you
210
Dr. Watson and Crick found an 3rd strand in the DNA
