Approximately 50 years ago under the direction of President Harry Truman in the interest of national security a group of 12 top military scientific personel were established. This group's primary objective was to desensitize us to the truth and to suppress the material evidence that our planet is being visited by a group of extraterrestrial biological entities called the Grades the Grand Deception"

Verse1:

Yo, sometimes the road to the truth is - so elusive
it's confusion and reality becomes illusion.
If I showed the masses where we were at and where we were going
I'd challenge the social balance of the world as we know it.
I'm talking about the Grand Deception, of 1947
When our souls were sold to the heavens.
For technologically advanced weapons
crystal enhanced brain implants, a mind controlled method.
Mj-12 is not majestic,
and the focal point of our problem on this planet is not domestic.
You can accept it, or be stupid and be a skeptic
and fail to recognize the sequence of society's deathwish.
97of our presidents were Masons,
responsible for laundering trillion of dollars from the nation.
For the construction of underground, military installations
abductions and cattle mutulation.
Experiments on human patients
that takes place in several subterranean bases
150 stories below a basement
with knowledge of genetic information, you need to

fear science not
satan.

Which, due to manipulation of certain biological
agents,
they create strains creations
Top secret, special operations,
low frequency sound on lasers, people like Carl Sagan..
That didn't believe in the Drake equation
when tryin to keep us in civilization on a need to know
basis.

What you need to know, that this is a game
and we're being betrayed and played in the worst way.

Verse2:

Yo, let me explain the true essence,
of the collective, and the Somaritan text hidden
message.

Genesis 126..

let us make man in our image under our likeness.

First of all, who's they?

You see, if God was truly a single entity, that's not what
he would

say.

We, as the ?'Eloheem'?, gods and goddesses
posses a marvelous, remonstruous, subconscious.

Lifeforms that speak in very high pitch sounds and
screech,

thorts to cottle clicks and beats.

A highly advanced form of speech

eventhough it seems to us, they only chattering their
teeth.

They use to swim deep in the ocean beneath
till their fins transformed into limbs and they started to
creep.

Then they involved into mammals with feet
and walked right from the shorelines unto the beach.

They use gravity, cause it's actually, the only force
around

that can slow time and the speed of light down.

Their energy grid network

opened the gateway from earth to any point of the
universe.

Living organisms in various
pure magnetic, gravitational, phenomally areas.

Space exploration teams in the lunar regions
reported seeing jizapyramids, and tetrahedrons.

Liquid-filled shoes, is what they use
to walk across with moon, without leaving a clue.

Of where they been for the past 23 billion years
before life on this surface even appeared.

I hope you become aware of what I'm spittin in your ear

was intended to stimulate your left brain's
hemisphere.

I know it sounds weird, all these muthafuckin answers
to questions to the Grand Deception
