Gonna tell the world I love you can't keep it quiet
Everything I dreamed of darling came true tonight
Love that's been needed to make my life complete
Is here beside me and ain't life sweet mhm
I hear love's music playing in the beat of your heart
Life's only regrets my darling are the times we're apart
And all life's treasures are l'kaying at my feet
You're here beside and ain't life sweet
Sweeter than honey sweeter than wine every day with
you makes my life so fine
A smile comes with every day I greet I'm in love and
ain't life sweet

[guitar]

Sweeter than honey...

Mhm ain't life sweet mhm ain't life sweet ha ha ain't life
sweet
