"Honky Tonk Man"

I'm a honky tonk man and I can't seem to stop
I love to give the girls a whirl to the music of an old
jukebox
But when my money's all gone I'm on the telephone
Callin' hey hey mama can your daddy come home

I'm living fast and dangerously but I've got plenty of
company
When the moon comes up and the sun goes down
That's when I wanna see the lights of town
Cause I'm a honky tonk man...
[steel - harmonica]
It takes a pretty little gal and a jug of wine

That's what it takes to make a honky tonk mind
With the jukebox a whinin' honky tonk sound that's
when I wanna lay my money down
Cause I'm a honky tonk man...
