I'll be there to hold you when you need someone to
hold you
I'll be there to listen when you need someone to care
I'll be there to help you anyway that I can help you
I may be in the shadows but remember I'll be there
I know that you don't love me the way you used to love
me
You chosen out to leave me and it really don't seem
fair
So many times you've hurt me hmm how you have hurt
me
But my pain just doesn't matter cause if you'll need me
I'll be there
I'll be there any situation anytime anywhere
I'll be there when you need a helping hand someone
who will understand

Just rest assure I'll be there
When you need a helping hand someone who will
understand
Just rest assure I'll be there
