I don't know the name of your new love you never told  
me but I'll tell you mine  
The name of my new love my warm love my sweet love  
is ruby ruby ruby red wine  
I don't know the street that you live on oh but they tell  
me the neighborhood's fine  
But my streets're dead end no neighbors and no  
friends just ruby ruby ruby red wine  
She makes me forget how I loved you and the  
mem'ries that you left behind  
She makes me forget how I need you as she bubbles  
and sparkles and shines  
I don't know the reason you left me you never told me  
but then never mind  
For I have my new love my warm love my sweet love it's  
ruby ruby ruby red wine
