He made the night a little brighter wherever he would
go
The old lamplighter of long long ago
His snowy hair was so much whiter beneath the candle
glow
The old lamplighter of long long ago
You'd hear the patter of his feet as he came toddling
down the street
His smile would hide a lonely heart you see
If there were sweethearts in the park he'd pass a lamp
and leave it dark
Remembering the days that used to be
For he recalls when dreams were new he loves
someone who loves him too
Who walks with him alone in memory
He made the night a little brighter wherever he would
go
The old lamplighter of long long ago
Now if you look up at the sky you'll understand the
reason why

The little stars at night are all aglow
He turns them on when night is here he turns them off
when dawn is near
The little man we loved of long ago
He made the night a little brighter wherever he would
go
The old lamplighter of long long ago
