1st Verse:

Brush the hair away from your eyes it's only a matter of
time before I get to see you and you get to see me and
then we'll begin to have some sort of chemistry maybe
I'm right but maybe I'm wrong it's just the chase that
keeps me pressing on

Chorus:

Just come talk to me I know it's not that easy but if you
put faith in your trust and trust in your faith I know it
sounds crazy but you're here and you're with me (2nd
chorus add this part->Just come talk to me I know it's
not that easy if you put faith in your trust there's no
place that I that I'd rather be than here in your arms so
please don't let go of me)

2nd Verse:

So what are your plans for tonight I have plans but I'll
make your plans mine but before you get to say what I
know what you'll say just give me a chance and please
don't look your heart away love at first sight is always
this strong it's pulling you out and you're not holding
on
