1st Verse:

Slowly walking over towards me with your ever so tight
blue jeans and I'm watching every move that you make
with your body and I don't know what to think when all
that I hear is the sound of my heart pounding and the
sound of your laughter when you realize what I'm doing

Chorus:

Maybe hopefully we'll discover each other maybe we'll
never know and all I(you) need to hear from you(me) is
that you're all alone (I'm on my own) but we're both
alone

2nd Verse:

Patience dying the feeling will come when the time is
just right and I'm trying the hardest I can not to lose
your interest and I can't help but worry about the look
on your face that you give is attracting the silence just
means that the moment has passed and still is
