### 1st Verse:

Hey there look over here I'm waving my arms to get  
your attention now so that we can start over I thought  
it'd be best if I talk this out with you before you got any  
ideas about ending this with me 'cause' breaking up's  
not what I want to do with you but what will you do if  
given the chance to choose

### Chorus:

I wish you well on your way to unhappiness This is  
where you say goodbye and never look back again  
'cause' I won't be there waiting

### 2nd Verse:

So much for happy endings I thought I could change  
you but change doesn't (never) comes easily and I  
never knew that if I wanted a good time but nothing  
more just go to you and I wish you well on your way to  
unhappiness for all I care you could be dying next to  
me and I wouldn't lend a hand to the face I can't bare  
seeing

### Ending:

The lesson is learned to well on your way to  
unhappiness you're on your way (4x) (Don't you wait for  
me 'cause' I won't be there)-4x
