1st Verse:

Hope all is well cause the last time I talked to you you
told me yourself that this may not work it's way through
so I'll call you tomorrow and we can talk about nothing
instead I feel nothing but sorrow and pretended not to
hear when you said that

Chorus:

You don't care you don't care anymore but I still care I
still care for you

2nd Verse:

So I'll talk to you later maybe you'll even call me on the
phone but the chances are greater that your shoulder
is cold and alone still (that you'll leave me all alone)

Ending:

I'll still be waiting by the phone(4x) I still care I'll be
there(2x)
