(feat. Rell)

Now don't push me away, 'cause when the first time I  
met you girl you shook me in ways  
You know the life of nigga's cookin' up yay,  
And plus you knew the pitfalls and the tumbles of the  
game  
You seen the spotlight watch niggas crumble to the  
fame  
And all the time you tried to tell me stay humble and  
maintain  
When I was like lets go half on a baby, and if not then  
lets just go half on a 'cedes  
Drop top coup while we pumpin' sweet sadie  
Flyin' up Lennox, doin' us, pushin' 80  
The road trips, the late nights got you pissed  
The road trips, the late nights got us rich  
The clothes that we wear, the place that we piss  
Willie gettin' get shot, where we ate, where we sip  
So if I don't get a chance to tell you  
Now too often lately how girl your hand so helpful  
In this cold world girl every man needs help too  
So baby I'ma ride and no plans to fail you

Please, baby don't push me away  
I want you (I want your love beside me baby)  
(Please) Please, baby don't push me away  
I need you ('cause I need you)

I had enough of the shucking and jiving, duckin' and  
hidin'  
I'm tryin' to get to conversatin' and ridin' (Well)  
'cause I'm feelin' your essence your presence is just  
enough to let me know that it's destined  
And since the day that I found you, something about  
you makes me want to lose it and pounce ya  
But it's not just your body, it's your mind, your spirit,  
everything combined  
And while I got a chance, take my hand, let me show  
you something real, that love you can feel (Yeah)

Please, baby don't push me away  
I want you (I want your love beside me baby)  
(Please) Please, baby don't push me away  
'cause I need you ('cause I need you)

Uh, now two years done passed, few cheers, few  
laughs  
Coppin' Vs, shoppin' sprees gears in the bags  
And who cares who's mad, 'cause most of the bitches  
would just say you was there for the cash  
And I ain't scared of your past, I prepare for the future  
The one thing I ask, just don't tear a nigga coup up  
You bring the bail when I was caged up  
And back and forth the court 'til the lawyer nail the case  
shut  
You found the numbers in my phone, you was in my  
face but  
You know what they say them break ups to make ups  
And I admit I'm getting better with the flirtin',  
You know you dead sexy when you yellin' and you  
cursin'  
You such a hell of a person so when I get home I'm  
gonna tell you in person  
Face to face, I'ma run base to base,  
Then slide home safe till I make yo body shake  
You tell me every night that life comes with a twist  
I'm in the spotlight and that I'm runnin' the risk  
And you always say love don't come with a kiss  
It's hard soakin' up game when it's comin' from a bitch  
But where's my manners, never take you for granted  
Never take you advantage, most people don't  
understand it  
Is you happy? Lil' inside humor,  
When you and I together what the fuck they gon' do wit  
us  
Say ya prayer 'cause we destined for glory,  
And when the credits roll it's Harlem's West Side Story

My vision of the lovin' is close,  
That's how I want us to be when we doin our thing  
(Well)  
Kissin' ya, lickin' ya, touchin' ya, rubbin' ya, tell me how  
you want me to bring it  
Because I know he got limits but baby I don't, and my  
feelins they won't  
Let you get away from me, come stay with me  
Baby, Baby, Pleaaaaassee

Baby don't push me away (When the sunshine)  
When the sunshine turns to rain, baby I can take away  
your pain

(I can take away your pain)  
Just call me up when you need some time, I'll take you  
out, break you off like  
Daddy come on  
You don't have to settle for less and baby I can give  
you what you want  
(I can give you what you want)  
Just call me up when you need some time, and you can  
get it from me just like  
Daddy come on

Shit, so don't push me away
