Dip, dip-set
Dip, dip, dip, dips
Dip, dip, dip, dips
Dip, dip, dip, dip

Now this here is that bomb diggy
(Diggy)
Diggy dang, the dons with me
Killa, he'll kill a nigga you thinkin' 'bout harming me
Capo's corrupted, he's wrong vato to fuck wit
Labeled and known as a young pac to the public
And me, human crack in the flesh
(Flesh)

(Best)
One word to describe me, spectacular, yes
(What)
So stay calm shorty, when you see that palmed 40
(40)
I'll pop it slow, you'll rock and roll, like Bon Jovi

So don't fool with the click, don't fool with the dips
You will die, you will lie in a pool full of shit
When that gun with the clip in
(What)
Start dumpin' and rippin'
At y'all head, y'all some dead summamabitches
You give a chick hard dick and bubblegum
I give a chick a hard brick and bubble-yum
Like here, take that, shake that, break that
And have them please bring my cake back

You know what the movements like you know how

Move, 'cause we in the mood to fight
This is that get crunk move bitch, get drunk stupid
High like space 45 on waist

You know what the movements like you know how

This is that get crunk move bitch, get drunk stupid
High like space 45 on waist

This is that bang, bang, bang to my hooligan, gang
While you movin' them thangs and ya toolies go bang
(Silence)
Call me ricochet rabbit 'cause I click and spray matics
And my niggaz straight savage

High like space 45 on waist

That rooti, tooti, fruity, Louie, what I usually do
(What's this?)
This that jump, stop, breathe, whoody-who
Gats in the truck platt, platt, pass to a duck
I'm the menace, owe me money, tat, tat, tat, what the

(You owe me money motherfucker)
Y'all reppin' that 5 still
I'm reppin' that 5 mill

Never land, thriller, Killa cam, Jackson 5 bill
(So what)

Lets style a bit, Italian shit, five thou-outfit
Show you how to get that powder shit
Filed the fifth, jet out of it
My proud of what is yo' turn, Jim so burned
Live bitch, why kiss, on my wrist a glowworm
(\$50,000)

And I keep heat, 'cause in these streets
(What you hear?)
Just hear woop, woop, whant, whant, beep, beep
(That's the cops)
And you rumble, never, me, hit a humble diva
(A few of 'em)
And I stay with the white, I got jungle fever
(Nose candy)
So tell Lucy
(What)
That her boobi's, loco, cookie monster, who he
(Who am I?)

I'm the 1 the rep the set
Left to left, death to death
You'll get yellow-taped, outlined, etch-a-sketched.
Killa
