See that birdie on the fence
If that bird had any sense
He would be
Here with me
By you by you by you

See that squirrel on the wall
If he had a brain at all
He would be
Here with me
By you by you by you

It's so great
To be with you
Hugging and a-kissing
Birds and bees and fishes too
Don't know what they're missing

See that monkey in the zoo
If he knew just what to do
He'd get free
Just to be
By you by you by you

See that parrot in the tree
Ask him where he'd like to be
Right away
He would say
By you by you by you

See that hippopotamus
He would really raise a fuss
If he could be
Just like me
By you by you by you

It's so great
To be with you
Hugging and a-kissing
Birds and bees and fishes too
Don't know what they're missing

See that monkey in the zoo
If he knew just what to do
He'd get free
Just to be
By you by you by you
By you by you by you
