Talking to the blues  
Talking to the blues  
Since my baby left me I've been talking to the blues  
Good morning blues  
How you feeling today  
You dog  
Might as well pull up a chair  
Looks like you're here for quite a stay

Sighing to the blues  
Crying to the blues  
Morning after morning alibi-ing to the blues  
Sit down bad news  
Yeah the coffee's still hot  
You dog  
I'm gonna take good care of you  
'Cause you're the only friend I've got

Help me to remember now where were we when I finally  
fell asleep yeah  
I remember I was telling you telling how her cheating  
cut me deep

Talking to the blues  
Talking to the blues  
Since my baby left me I've been talking to the blues  
Old buddy blues  
Yeah take my last cigarette  
You dog  
Have a million laughs on me  
But please teach me to forget

Talking to the blues  
Talking to the blues  
Since my baby left me I've been talking to the blues  
Old buddy blues  
Yeah take my last cigarette  
You dog  
Have a million laughs on me  
But please teach me to forget  
Blues you are the lowest  
You dog
