Say you'll stay until tomorrow  
I can't face tonight alone  
Though I know it's over and we're through  
Say you'll stay until tomorrow  
I need you

The words have all been said  
Your minds made up to go  
You're standing by the bed  
Like someone I don't know  
Your love has died  
And there is nothing you can do  
Though you try, yes you try  
You can't live with a lie

So, say you'll stay until tomorrow  
I can't face tonight alone  
Though I know it's over and we're through  
Say you'll stay until tomorrow  
I need you

I've known for sometime now  
That things ain't just been right  
'Cause when we try to talk  
We both get so uptight  
But now you've told the truth  
And I know where we stand  
Though it hur-urts deep inside  
Give me time, I'll get by

So, say you'll stay until tomorrow  
I can't face tonight alone  
Though I know it's over and we're through  
Say you'll stay until tomorrow  
I need you  
Though I know it's over and we're through  
Say you'll stay until tomorrow  
I need you-ou-ou-ou-ou-ou
