## "How To Be So Real"

Visit "[How To Be So Real](#)" on [MotoLyrics.com](https://MotoLyrics.com)

When you're making magic  
Go always in the flow  
Get it right and you will feel  
How to be so real

If you have enough to spend  
You won't have to lend  
Purchase things that make it feel  
How to be so real

You will never pay your vow  
You will never pay your vow  
You will never pay your vow  
You will never pay your vow

When you're making magic  
Go always in the flow  
Get it right and you will feel  
How to be so real

If you have enough to spend  
You won't have to lend  
Purchase things that make it feel  
How to be so real

You will never pay your vow  
You will never pay your vow  
You will never pay your vow  
You will never pay your vow
