When all your loves have ended, when all your friends
have flown

Who'll be around to want you when all your loves have
gone

Only a fool would do it after the way you've done

But how many fools would have you, I know one

This fool keeps wondering why he fell in love at all

But you might need this fool around in case you fall

After the party's over and you've had your fill of fun

If you need a fool to forgive you, I know one

You never know you might be lonely when all your loves
have missed

It wouldn't hurt to keep an extra fool on your list

After your heart's been broken and it needs a place to
run

If you'll take a fool who loves you, I know one

Yes, I know one, I know one
