I've forgotten you
I know that's true
Except when I'm lonely
Or when I'm blue.

I don't remember you
You never make me blue
Except when it's nighttime
Or when it's day.

I've forgotten you
I know that's true
Unless it's raining
Unless there's sun.

I don't remember you
You never make me blue
Unless I'm all alone
Or with someone.

I don't remember you
You never make me blue
Unless you're on my mind
And dear, that's all the time.

I've forgotten you
And I found someone new
I can't remember
All your little lies.

I don't remember you
I know that's true
But I can't explain to you
These tears drops in my eyes...
