Look who's talkin'
Look and you will see
The one who's breaking up our home
Isn't you and me.

Look who's talkin'
And listen carefully
The ones we thought were our best friends
Were our worst enemy.

They tell me unkind things you've said
And when I'm not around
They tell me of someone they've seen
With you, somewhere in town.

Now look who's talkin'
With teardrops in our eyes
Two broken hearts that lies destroyed
Saying goodbye.

---- Instrumental ---

Hearts that have no concience
Hands that just throw stones
Eye that serch for something wrong
Were welcomed into our home.

They tell me unkind things you've said
And when I'm not around
They tell me of someone they've seen
With you, somewhere in town.

Now look who's talkin'
With teardrops in our eyes
Two broken hearts that lies destroyed
Saying goodbye...
