Love is no excuse for what we're doing  
For we both know that two hearts could break  
We tell ourselves we've got to have each other  
But love is no excuse for us to make

Sure we love each other and this could be so right  
But not if someone else has got to pay  
Our love for each other looks good in the night  
But our love can never see the light of day

It's been going on for much too long now  
And our wrongs have mounted one by one  
We tell ourselves it's 'cause we love each other  
But love is no excuse for what we've done

It's been going on for much too long now  
And our wrongs have mounted one by one  
We tell ourselves it's 'cause we love each other  
But love is no excuse for what we've done
