I swore I'd never love again
And I'd be broken hearted
I feel the doorway in my heart
That lonesome night we parted.

I watched you as you walked away
Some how I couldn't find
The right words for my lips to say
To save this heart of mine.

No matter where I ramble (ramble)
Or where my footsteps roam
Your memory will torture me
And though the pain is gone.

Somewhere in those embers
Someday I know I'll find
The right words for my lips to say
To save this heart of mine.

No matter where I ramble (ramble)
Or where my footsteps roam
Your memory will torture me
And though the pain is gone

Somewhere in those embers
Someday I know I'll find
The right words for my lips to say
To save this heart of mine...
