You say to send your letters back  
To find and enclose my ring  
You want a clean break with the past  
But that won't change a thing.

I know your letters all by heart  
I read them everyday  
They seem as easy to erase  
As words are to unsay.

Oh, send me back my lovers moon  
And stars that shine above  
Send me back, please, send me back  
Send me back my love.

Oh yes, I'll send your picture back  
You mentioned up above  
But there's no way I can send back  
The magic of your love.

Would I enclose the color film  
Or just tear it apart  
But your letter don't say what to do  
With the pictures in my heart.

How can I send back our dreams  
Our kisses warm and real  
The times I've held you in my arms  
The way it made me feel.

I can't send the love waves back  
That fills my soul with bliss  
Or send back the way I'm longing for  
Just one more sweet kiss.

Oh, send me back my lovers moon  
And stars that shine above  
Send me back, please, send me back  
Send me back my love...
