When the shades of twilight close the day  
In my solitude I steal away and a sweet familiar voice  
Calls from the shadows of the talking walls  
The talking walls bring laughter tears and pain  
A touch of summer's love and winter's rain

Every step we made my heart recalls  
You are there behind the talking walls

As they speak to me I hear your name  
And a spark is kindled to a flame  
Such a vivid memory walks in  
And I'm reaching for the phone again  
The talking walls bring laughter
