Can this be the wind-up  
You don't seem the same  
Can this be the wind-up  
Have I been to blame

Have you made your mind up  
My heart wants to know  
Can this be the wind-up  
When I Love you so

How my heart would cry  
If we said goodbye  
Don't you know how much  
I'll always love you

Won't you think it over  
Let your heart count to ten  
Then Maybe we'll wind-up  
Being sweethearts again

How my heart would cry  
If we said goodbye  
Don't you know how much  
I'll always love you

Won't you think it over  
let your heart count to ten  
Then maybe we'll wind-up  
Being sweethearts again
