(It's true)  
It's true I know it's true  
I'm losing you and it's breaking my heart

It's true  
(Yes it's true)  
I know we're through  
(I know we're through)  
There's someone new, it just tears me apart

I don't know what I'll do without you  
I've loved you for so long  
I've built my whole world around you  
And I just can't believe that you're gone

But it's true I know it's true

My dreams are through  
And they'll never come true

I've built my whole world around you  
And I just can't believe that you're gone

But it's true  
(Yes it's true)  
I know it's true  
(I know it's true)  
My dreams are through and they'll never come true  
(It's true, it's true)
