Somewhere where dim lights are burning
You're meeting him secretly
Too long my heart has been yearning
For things that my eyes couldn't see.

I know you soon will be leaving
You love him so, not me
It's hard to know that I'm losing
The one thing that meant most to me.

Your lips now are cold to me
Gone are dreams that used to be
And someone has proved untrue
You darling, you.
You darling, you.

--- Instrumental ---

Your lips now are cold to me
Gone are dreams that used to be
And someone has proved untrue
You darling, you.
You darling, you...
