"Across The Universe"

words are flowing out like endless rain into a paper cup
they slither while they pass
they slip away across the universe
pools of sorrow waves of joy
are drifting through my open mind
possessing and caressing me

ja guru deva om
nothing's gonna change my world
nothing's gonna change my world

in the gist of broken light
which dance before me like a million lies
they call me on and on across the universe
false meander like a restless wind

inside the letterbox
they tumble blindly as they make their way
across the universe

nothing's gonna change my world
nothing's gonna change my world
nothing's gonna change my world
nothing's gonna change my world
nothing's gonna change my world
nothing's gonna change my world
nothing's gonna change my world
nothing's gonna change my world
nothing's gonna change my world
ja guru deva
ja guru deva
ja guru deva
ja guru deva
ja guru deva
