I have seen another sky  
I have climbed another tree  
I have wished another star,  
above another star lit sea

Another me lives another life,  
I've always dreamed  
Another me exists somewhere  
Why can't I live that life there?  
Please let me be ... the other me

And I have seen another sunrise,  
and another lightning storm  
I'm not just the me you see  
You see another me was born

Another me lives another life,  
I've always dreamed  
Another me exists somewhere  
Why can't I live that life there?  
Please let me be ... the other me

Somewhere I'm happy  
I'm smiled at understood  
In another Place I lift my face,  
not hide it in a hood

I have seen another sky  
I have climbed another tree  
I have wished another star,  
above another star lit sea

Somewhere I'm happy  
I'm smiled at understood  
In another Place I lift my face,  
not hide it in a hood

I have loved another love,  
in another place like this  
I've been held and felt so safe  
Oh yes, I've kissed another kiss
