Ashley
I'll stand in the gap for you
I'll sing 'till my throat is sore
I'll pray until there's prayers no more

Our ships passed in the night
Now I've a burden I can't fight
I'll carry it 'till my shoulders break
This prayer I can't forsake

CHORUS:

Ashley
I'll stand in the gap for you
I'll sing 'till my throat is sore
I'll pray until there's prayers no more

Oh Lord, you can use me
Oh please, let her see you through me
Enable me to do what I can
To show her a Godly man

BRIDGE:

Yes Lord, please use me
To make her precious heart see
What her pretty eyes don't see
Yes Lord, please use me
To make her precious heart see
What her pretty eyes don't see

END:

Ashley
I'll stand in the gap for you--praying
Ashley
I'll stand in the gap for you
Praying for you
