Skull fragments are flying through the air  
Brains and blood scattered just about everywhere you  
look

Swing of the hatchet gives permanent damage,  
Head fractured, gaping hole  
To incise the cranium

Slit open crushed eyeballs dripping hanging from the  
sockets  
Steel cracked bone with fatal trauma to the cerebellum  
Useful lust of gore

Hatchet to the head

Rekindled gore obsess rend the weak  
Mutilate then murder consciously  
Death brought to the enemies of the past  
A life of beheading I must have  
Pure revenge is burning inside me

Slit open crushed eyeballs dripping hanging from the  
sockets  
Steel cracked bone with fatal trauma to the cerebellum  
Useful lust of gore

Hatchet to the head  
Hatchet to the head  
Hatchet to the head  
Hatchet to the head  
Hatchet to the head

Forced from deep inside to hunt you  
Bludgeoned torn apart veins erupted  
Forever headless rotting corpse  
Recognition you are now beyond

Wretched, onslaught, slaughter

Faceless flesh remains from the victims  
Hacked with brutal force until slain  
Consumed with anger, lunacy

Relentless killing dependency

[Solo: Pat]

Slit open crushed eyeballs dripping hanging from the  
sockets  
Steel cracked bone with fatal trauma to the cerebellum  
Useful lust of gore

Hatchet to the head  
Hatchet to the head  
Hatchet to the head  
Hatchet to the head  
Hatchet to the head

Chop it off!
