"The Wretched Spawn"

Visit "[The Wretched Spawn](#)" on MotoLyrics.com

Concieved through rape
Procreate
A vicious brood

Penetrate with corse
Ravaging intercourse
Forsaken, nude

Spawn of the wretched, born of the rape
Dawn of the murdering beasts of hate
Spawn of the wretched cunt defiled
Pawn of the darkness, blasphemous child
The wretched spawn, inheretly vile

Inherited traits
Reprobate

From birth an urge
Born deranged
No chance to change

Violence will emerge
Dawn of the murdering beasts of hate
Spawn of the wretched cunt defiled
Spawn of the wretched, born of the rape
Pawn of the darkness, blasphemous child
The wretched spawn, inheretly vile

Spawn of the wretched, bred from the damned
Gone are the instincts normal of man
Spawn of the wanton loins of the cruel
Spanwed by brute force used as a tool
The wretched spawn, violence will rule

Heredity dictates brutality
Groomed to carry the legacy
Revel in making the helpless breed
Genres of the butchers, a killing breed

A bloodline so profance
Scion of the murders

Born insane
Predestined to annihilate
Thought sinister eugenics
Sworn to kill, they will

It was made to kill

[Solo Jack Owen]
A slaughter without meaning
Massacre the innocents

Bleed, screaming

Only one remains untouched
Her fate is violation
Vile
Impregnation
