You were a friend that i would do anything for
I would take you out when you'd nothin' to do
Buy you a drink when you were low on cash
And i would never expect anything from you
I got out the dictionary and i
I looked up the word 'betray'
It said: "give up person to enemy;
Reveal treacherously; be disloyal to;
Lead astray; reveal involuntarily"
And man these are the things that you do
Cock a doo dill doo
Three times i say to you
You will leave me, you'll betray me
And i have no-one to turn to
And i'm all alone
And my life is through
And they will bleed me, they will nail me
But it's not as bad as the pain you put me through
Three times i say to you
You will leave me, you'll betray me
And i have no-one to turn to
And i'm all alone
And my life is through
Cock a doo dill doo
Jesus who? well i never met the guy
And i don't know who put you on to me
Yes i'm peter but that could mean anything
And i'm not the guy that jesus knew
Cock a doo dill doo
A crown of thorns
The pain you put me through
A cross the loss
A kiss is all it took
The pain in vain
You stand and watch me bleed
A friend in need
I feel so betrayed
