I got a TARDIS inside me  
Hold all the water in the sea  
Every good thing ever made  
Still would room left  
But right now it's empty  
Oh yes it's empty  
Someone came along  
Took my TARDIS turned it inside out  
Painted the walls in black  
Tipped everything out  
On the street  
Everyone could see my life in pieces  
And the wind came and blew it  
Blew it all away  
And there was no room left inside my TARDIS  
Even though it was empty  
Was empty  
Was empty  
I fixed it up the right way round  
I put a lock on the door and a burglar alarm  
People always want to see inside  
But they're surprised to find that it is just  
Empty  
Oh yes it's empty
