I get stoned
I can't go home
I'm calling long distance on a public saxophone
My head is achin'
Lord, my mind is breakin'
Feel I got run over by captain coconut and his dog
name rover
Gotta keep movin'
Gotta keep movin'
To understand both sides of the sky
You gotta kepp on groovin', yeah
Good groovin'
'cause you got your God and so do i
We gotta keep on lovin'
Good, good, good lovin'
Make love on my dyin' bed

We gotta stop smokin', stop, stop,
I mean cigarette smokin'
Or else I cough myself to death
And to make love to you, baby,
I wouldn't even have the breath
We gotta keep movin'
Keep on groovin'
Understand both sides of the sky
Keep on movin'
Keep on movin'
You got your God and so do i
