Jimi:

"before we go any further we'd like to say that you all really had a lot of pashents

Three days worth. you've prooved to the world what can happen with a little bit of

Love and sounds. oh, i left my girlfriend at home i'm sorry. i'd like to do a thing

That a new american anthem until we get another on together. this is called 'voodoo

Child (slight return)'."

Well, i stand up next to a mountain

I chop it down with the edge of my hand

Well, i stand up next to a mountain

And i chop it down with the edge of my hand

I pick up all the pieces and make an island

Might even raise a little sand

Yeah hey

Cause i'm a voodoo child, voodoo child

Lord knows i'm a voodoo child baby

Jimi:

"before we leave i'd like to say the name of the group one more time

This is our first little gig we'd like to say thank you very much

For lettin' us use your ears, and your hearts. and the name of the group

Is gypsy sun and rainbows, and you can call it ha ha band of gypsies,

Anything you want to. here we go agian a couple of purple path songs.

Playin' the congos over there that's juma, and larry lee just walkin around

In space, and we got we got billy cox playin' bass over there, mitch mitchell

Jerry velez."

I didn't meen to take up all your sweet time

I'm gonna write back one of these days

I didn't meen to take up all your sweet time

Write back one of these days

Heyaaaheyaaa

I don't see you no more in this world
Maybe i'll try the next one you'll be there
You'll be there

Jimi:

"i'd like to say thank you very much and good night, i'd
like to say
Peace. yeah, and happiness, happiness, yeah
happiness."

I'm the man, at least i'm tryin' to be
But i'm lookin for the other part of me
Tryyy tryyy
Your a women at least you say you are
Does he get with my guitar

Tryyyy tryyyy
Ooooooo dooooooo
(scat singing)

Jimi:

"thank you agian, you can leave if you want to we're
just jammin' that's all
You can leave or you can clap ha."
