Sever the limbs  
Decapitate  
Yank out the teeth  
Then masturbate  
Pounding the face  
Ejaculate  
My darkest needs  
I satiate  
Bathe in blood  
Wallow in bile  
Tear out the heart  
Victim defiled  
Sever the limbs  
Decapitate  
Yank out the teeth  
Then masturbate  
Pounding the face  
Ejaculate  
Entrails slip through my fingers  
As I slit through the innards  
My body rigid with goose bumps

My erection growing stronger  
I put my cock into the carcass  
My climax can wait no longer  
Expectorate my seed of hate  
Onto her mutilated corpse  
Sever the limbs  
Decapitate  
Yank out the teeth  
Then masturbate  
Pounding the face  
Ejaculate  
My darkest needs  
I satiate  
Bathe in blood  
Wallow in bile  
Tear out the heart  
Victim defiled
