Wheeled in on a cart
Lying dormant not dead
Hospital of immortality
Butcher their patients bloody red

Taken to a dark room
Fear of impending doom
The doctor straps you down
With an evil grin

Grabs his rusty blade
Ripping through flesh and vein
He tortures his patients
Through evil means

You can't try to fight them
First they change your brain
Beyond the realm of evil
Their means are insane

Mutilated beyond belief
But still kept alive
Pathologist of death
Gouging out your eyes

Guts and blood, bones are broken
As they eat your pancreas
Human liver for their dinner
Or maybe soup with eyes

'Cause of death still unknown
Gnawing meat from your bones
Bone saw binding in your skull
Brains are oozing a human stump

Needles injected through your eyes
Pulling off flesh, skinned alive
Killing for free in blood they will trust
And they must never forsake

Feeding on blood that brought them abound
And they must kill tonight

Genocide, suicide, screaming cries
In hell you will die

Lying dormant not dead
Hospital of immortality
Butcher their patients bloody red

Taken to a dark room
Fear of impending doom
The doctor straps you down
With an evil grin

Grabs his rusty blade
Ripping through flesh and vein
He tortures his patients
Through evil means
