Swollen with liquid  
Ready to burst  
A load of my lymph  
Will quench this dead body's thirst

One month in the grave  
Twisted and half decayed  
She turned a putrid yellow  
I pissed in her maggot filled asshole

Fucking the rotting, my semen is bleeding  
The smell of decay  
Seeps from her genital cavity  
The smell was unbearable, as I unburied her

I cum blood from my erection  
I feel it run  
Down her throat, swallow

Eyes glassy and vacant  
Body dug up to play with  
Skin greasy and naked  
Tonguing her rotted anus

I need a live woman  
To fill with my fluid  
A delicate girl  
To mutilate, fuck and kill

Her body exceptional  
She thought I was normal  
But I wanted more  
I came blood inside of her

Choking on the clot  
Gagging on the snot  
Gushing blood, from her mouth  
Bloody gel leaking out

Body buried in a shallow grave  
Unmarked for none to find  
The sickness I have left behind

Undetected go my crimes

The greatest thrill of my life  
To slit my cock with a knife  
Violent, climax, serging serum on my skin  
Back from the dead  
I am resurrected to spew, putrefaction
