Visit "[Return To Flesh](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Bleeding wounds never clot  
Even after death  
Murdered dead look on from beyond  
Never to return

No way back at all  
Trapped between life and death  
We can't return to flesh

I'm dead now, life has passed  
In the grave, no life left  
Move on to the other side  
Rotten, I have died

Murder took my life away  
I will never rest  
Dead, reaching from the grave  
So cold in this place

I'm dead now, life has passed  
In the grave, no life left  
Move on to the other side  
Rotten, I have died

Murder took my life away  
I will never rest  
Dead, reaching from the grave  
So cold in this place

No way back at all  
Trapped between life and death  
I will come back
