

Cannibal Corpse "Rotting Head"

Visit "[Rotting Head](#)" on MotoLyrics.com

A quivering pile of useless flesh, locked in a
padded cell
Hidden of the prying eyes of curiosity
Experimental surgery made him what he is today
His head is rotting but his body lives on as a
worthless vegetable
Unknown to mankind, the incredible power of
his mind
Hideous heredity, genetic imbalance, resorting
to cannibalism
A feast begins as the patients skull is cracked
open like a walnut
Brains devoured in a frenzied slaughter, thirst
for gore nothing more
Bile is dripping, puss from wounds, as the
coroner drinks it down
The sights before your eyes you can't describe
A trip through this living hell will rot away your

skull
Genital laceration, anal asphyxiation
Blockage of bowel passage, defecation,
hemorrhage
Cadaverous mutilation, metamorphical radiation
Devourance of arteries, decapitated extremities
Cranial excavation, cerebral liquidation
Brain turned to soup, ears are dripping goop
Slimy, oozing, dripping puss, torn out
Fingernails starting to fuss
Shredded cartilage victim lies, eyes sockets, but
no eyes
Miles of intestines strewn all about, facial
features stricken with gout
Hanging bodies dripping with blood, the
blackened fluid sinks in the mud
A quivering pile of useless flesh, locked in a
padded cell
