Follow the one  
Evil masked in pride  
Charisma to lead  
Speeches laced with hate  
Leading the dense  
The bovine human herd  
Inherently stupid  
The fools deserve this fate  
Warfare begins  
Cities are ablaze  
tortured screams  
Skin turning black  
Carbonisation  
They will all burn  
Mass execution  
They will all die  
Burning the world  
And all of it's life  
Throwing all the people  
In a pit of fire  
Watching the sheep  
Gathering to die  
Followers in life  
Follow to the grave  
Follow the one  
Evil masked in pride  
Charisma to lead  
Speeches laced with hate  
Leading the dense  
The bovine human herd  
Inherently stupid  
The fools deserve this fate  
Warfare begins  
Cities are ablaze  
Tortured screams  
Skin turning black  
Carbonisation  
They will all burn  
Mass execution  
They will all die

Pile the bodies

Set them aflame  
The human race  
Sentenced to burn  
Burning flesh  
Miasma of their death  
Civilization  
It is destroyed  
Pits of corpses  
Unholy grave of war  
Hanging victims  
Guilty of free thought  
Warfare begins  
Cities are ablaze  
Tortured screams  
Skin turning black  
Carbonisation  
They will all burn  
Mass execution  
They will all die  
Pile the bodies  
Set them aflame  
The human race  
Sentenced to burn  
Pile the bodies  
Set them aflame  
The human race  
Sentenced to burn  
War of fire shred their souls  
Burn in hell doomsday's toll  
Failed to see the trap the laid  
Demagogues lead them into the flame  
Pile the bodies  
Set them aflame  
The human race  
Sentenced to burn  
Pile the bodies  
Set them aflame  
The human race  
Sentenced to burn
