The outlander walked into town, covered in gore
He knew he could not wait much longer, he needed
more
Death
Pain
Blood...
Terror

On the high plain they lost their lives
Hundreds were slain
Why they died no one will know

Their bloodstains weill always show for all time
Wasting no time he began defiling whores
Tear
Rape
He would be the last man they felt, a carnivore
Ravage
Maim

On the high plain they lost their lives
Hundreds were slain
Their bloodstains will always show for all time
Firing, loaded rifle, never ending killing spree
Why they died no one knows

Slashing with machette, body parts are the debris
fullest extent
One more town, slowly going down
There is no escape, he holds your fate as the death
rate climbs to the
This is the comming of endless torment
[Solo Jack Owen]

Remains of the slain, a dead body wasteland
Unburied victims lie, blood soaking into the sand
There is no escape, he holds your fate as the death
rate climbs to the
fullest extent
One man left, sherif bereft, faces the stranger with
intent
[Solo Pat O'Brien]

On the high plain they lost their lives
Hundreds were slain
Why they died no one will know
Their bloodstains will always sho for all...
Time
Big iron
Both die
Expired

On the high plain they lost their lives
Hundreds were slain
Why they died no one will know
Their bloodstains will always sho for all...
Slain
