[Chorus: repeat 2X]

The same motion, that moves the hip  
Has the same effect on dominoes when tipped  
I got two forty-five cents embedded  
And I won't hesitate to leave your crew shredded

[Verse]

The name, is Vas Kramer  
We been rhymin' since playn' hopscotch on top of the  
earth's surface  
If you can't perform a sentence you're worthless  
Put your hands up in the back, if you heard this  
Yo hipster throw a scratch  
To cover my physical you need six feet of tape like  
IMAX  
So you can get the clear picture  
I'm old school with new thoughts and open wounds,  
pour salt!  
Can Ox is dirtier than a mudslide  
And if you get caught, you might die  
Let's let the sky decide  
The speed is still right  
After the Titans colide  
Freestyles caught in my head  
Starch in my head  
Leave you with shreds  
You wanna contest a dread  
It's magnetic  
Like live poets metal hands on top of my nuts that's  
pathetic  
If you heard it, then I said it  
When it rains it pours don't wet it  
Man, you know what I'm saying?

[Chorus]

[Verse]

There's only a billion prophocies, one of them's gotta  
set it  
And only two MC's, and one of them's beheaded  
Now you leaving the cypher retarded

As if you got caught, it's something you started  
Clean this shit up! Like whatchamacallit  
I see the sea just parted  
And Air Vast just called it  
Man, you ain't half as tight  
I can bend any substance, that's metal nightlight  
I can break any rule that's slavery type  
I'm awful, we take no shit, that's the form we like  
Atom's fam  
You wanna fight styles, we got t-shirts that say we cut  
hands  
Son we'll take both of 'em, the first time  
So you can't play even play the wind chime  
Or the piano, jazz or classical  
I'm Vast Aire I might rip out your clavicle  
Psh, then it's over  
It's like that, I'm in the air, with Jehovah  
Or in a, Range Rover  
Or maybe in the sky holding onto the tail of a star nova  
Crazy? I breathe on the mic if you lazy
