Her flesh decaying she rises to see  
Lecherous ghouls with rotting erections  
Her breasts are lactating blood and pus  
An orgy of death, cadavers of lust  
Gray skinned bodies pulsate as one  
Grasping her flesh, erotic undead  
Maggots crawl on their rotting cocks  
Into her cunt, rigid like rock  
Fucking the zombie whore  
Unite the dead  
Fucking the zombie whore  
Fornicate  
Breeding the damned  
Carcasses writhe  
Revel in death  
Bleeding and sore  
Insatiable corpse  
Consummate the bonds of death  
Beautiful eyes are now vacant pits  
Her body contorts, her vagina has fangs  
Putrid fluids will mix in her loins  
The seed of the undead will grow inside  
Hiding from mankind the embryo grows  
Nourished by flesh the mother consumes  
After the birth the child will grow  
Prince of the dead conceived by profanity  
Fucking the zombie whore  
Unite the dead  
Fucking the zombie whore

Fornicate  
Gifted with speech  
The offspring will lead  
Establish their reign  
Lusting for flesh  
But living, not dead  
The corpses will rape  
Rape!  
Lascivious legions of blasphemous ghouls  
Kill to create whores of their own  
Lust of the dead will multiply  
Thousands of corpses beginning to rise

Living again for rape and destruction  
Ejaculate bile from their erections  
Lascivious legions of blasphemous ghouls  
Kill to create whores of their own  
Kingdom of rot the bastard will rule  
Stinking of death zombies will roam  
Through the whore the world was crushed  
An orgy of death, cadavers of lust  
Licentious masses rejoicing in sin  
Larva faced sluts fucking the ghouls  
The rancid bodies will copulate  
Their barren world they repopulate  
Fucking the zombie whore  
Unite the dead  
Fucking the zombie whore  
Fornicate
