Grotesque, crippled, carved up carcass
Evil controlling my mind, the fear of dying expired of
life, to vomit
the soul
I am dead within my self
The end a beginning to a new life in hell
I am your path to ever-lasting pain mass extinction of
the human
population
Son of the devil the evil incarnation
Maniacal mass murderer mutilating mortals,
the child born unto evil, trapped within the statue of
flesh
Vipers travel through bodily orifices, blessed by the
Devil under
inverted crosses,
religious ways, lies controlling minds
I walk among mortal beings, but I have died
Excavating graves I search for decay packs of flesh
driven zombies ready
to feast
I suffer forever living only to dismember
Open season on humans, laughing I watch them die,
they bleed so easily
Their blood flows through my body, I need to taste the
flesh exposing
pulsing arteries
Removing vital organs
Not stopping till you've died

Puts from your eyes carnal ways indulge in the gore
Slaughtered you lie in a pile of warm guts
Constricted corpusles coagulating blood my drug a
slave to its taste,
reincarnated to human form, creating a race of
immortal beings,
rot away dead bodies, set a flame
Searing flesh, broken necks
You can't kill what already dead
De-evoulution, hunting for life
Cannibalism, immortality rip and slash
A society of mass murder

Bleeding slow
I take away your life, and leave you lying cold,
decapitated body
Searching for its head
Anticipate apocalypse, rising dead dismembering
Hacking limbs bleeding, cracking ribs
Torture us
Blessed by the devil, under inverted crosses
Religious ways, lies controlling minds
I walk among mortal beings, but I have died
Excavating graves
Desolate
Empty hollow corpse, desecrate forced
To eat your flesh
Extracting purity violat
Twisted bodies, rot away
